

HOW TO MAKE USE OF FEDERAL CERTIFICATION PROGRAMS: Hub Zone & 8(a) Certification

WHAT YOU WILL LEARN:

- Why Should I Get Certified?
- How Do I Get Certified?
- What Does It Mean If My Business Is Located In a HubZone?

Why apply for HubZone and 8(a)?

These government programs are intended to help socially and economically disadvantaged small businesses become more successful for the future. Companies who are up and running, just starting or in a growth stage, can benefit from the wide-range of services offered—support for government contractors, access to capital, management and technical assistance, and export assistance—just to name a few.

The HUB Zone stimulates economic development and creates jobs in urban and rural communities, such as the Bronx, by providing Federal contracting preferences to small businesses. These preferences go to small businesses that obtain HUB Zone (Historically Underutilized Business Zone) Certification in part by employing staff who live in a HUB Zone. To determine if you are located in a HUB Zone visit: <https://www.sba.gov/hubzone>
